Adopt-A-Tree

The Village is looking for interested residents to help achieve its tree planting goals. That is why the Village is in the process of planning for the 2013 Spring "Adopt-A-Tree" program. As in previous year's "Adopt-A-Tree" programs, Bayside will offer interested residents a chance to have a tree planted by the Village in the right-of-way in front of your home. The Village works with residents to find the best location for trees, and the only catch is that the resident is required to take care of the maintenance and watering of the tree. Limited tree quantities and funding are available for this project, and unfortunately the Village cannot guarantee everyone a tree. Look for this program to be advertised by the Village as spring gets closer. If interested or for more information, contact Alex Henderson at 414-351-8813.

You've received your tax bill, and now you want to know how the numbers break down. Below is a short overview of how each tax dollar is allocated.
